## Welcome to World Class Dance

We provide our students and families with professional, experienced & qualified instructors, who truly love what they do and enjoy working with children of all ages.

At **World Class** we respect each other, our families and every student is treated equally, and we expect the same in return. Our students are instructed proper techniques and terminology in a fun positive atmosphere. Each participant receives recognition and is awarded for their hard work and dedication at the end of every season. Each student is taught the importance of their individuality as well as teamwork.

**World Class** participates in community events which include community service, parades and more. Performance opportunities and professional dance seminars are available to our **Dance Team** members. We offer master classes at our school periodically for any dancer in our community who may be interested.

Some of the most important lessons our students learn at **World Class** is no matter what, keep following their dreams. There is no dream too big or small. Our students learn respect for their teachers but most of all for themselves and that they are all beautiful inside and out. Being a part of our **World Class** family encourages our students, builds confidence, and makes lifelong friendships. Our positive welcoming atmosphere is extremely important to our students where no one will ever be judged on who they truly are. **World Class** is your "home away from home" and we are all a family!
