

INT: Batmobile

Cut to the interior of the BATMOBILE. Close up on BATMAN behind the wheel. The vibrant lights from the dashboard bounce off shiny black cowl. BATMAN engages a button; we hear a "beep" followed by a thick accent of an English gentlemen, this is the voice of ALFRED, the trusted butler.

ALFRED
Yes sir?

BATMAN
Alfred...I'm sending you a scan of a bullet casing. I'll need a analysis and place of origin.

ALFRED
Certainly sir.

Pause

ALFRED cont
It says here that this particular casing belongs to a private manufacturer. That it's not sold commercially.

BATMAN
Black-marketed in Gotham?

ALFRED
No sir, not in Gotham. Not even in the state, It's a mid western city in the great lakes region...Naperville.

Pause as BATMAN ponders

ALFRED
Are you still their Master Bruce?

BATMAN
...Call the airport.
