

2017 BROADWAY CAMP PRODUCTION SUBMISSIONS

Proctors is excited to bring the most comprehensive technical theatre summer program for high school students in the Capital Region. This four-week Broadway camp is hands-on experience while working with professionals in a state-of-the-art facility, including a Broadway touring stage.

Students will learn all aspects of technical theatre while having the ability to work on the musical **PIPPIN** as their final project. The main criteria for being a successful applicant is the desire to learn all about technical theatre. Tech students will attend rehearsals and master classes for specific technical elements for the show. All production students will be on the running crew for the show.

BOOK BY
ROGER O. HIRSON

MUSIC & LYRICS BY
STEPHEN SCHWARTZ
